To Whom It May Concern,

I am pleased to write a letter of recommendation for Brady Wolf, a student and athlete at Orchard Farm High School. I have known Brady in my capacity as a teacher and coach for more than three years. I had the pleasure of teaching Brady his freshman year of high school in health class. However, our relationship really developed during basketball season. Brady has been a Varsity starter since his freshman year.

Currently, Brady is in his junior year of high school and has several very impressive academic achievements. First, Brady has a 4.0 GPA. This is a result of his hard work and the high expectations he sets for himself. Brady is ranked 3 out of 146 students. He is also a member of our school's National Honor Society, which is an extremely selective organization.

Brady's athletic accomplishments are equally impressive. In his first two seasons as a varsity player, Brady has led the team in scoring. He also led the team in assists his sophomore year. He is on pace to be in the top three scorers all time at Orchard Farm, with a chance at the top spot. Brady has been selected to three All Tournament teams, player of the game at the Lift for Life shootout, First Team All Conference, and First Team All District. All of these accolades were earned in just two seasons. Brady was also a team captain as a sophomore, something I have never done before with an underclassman.

After sixteen years of being an educator and coach, I can see that Brady is a very rare individual. He not only excels on the court as a player, leader, and competitor, but he is also the same way inside the classroom and in the hallways. I am very honored to write this letter on behalf of Brady Wolf, as he is a very deserving young man.
